# 1. Executive Summary

All exploration activities in the reporting period were conducted in cleared areas ahead of mining progression in accordance with the Forward Works Program.

The Community Consultative Committee (CCC) meetings were the principal forum for communicating exploration activities on CL368 during the reporting period with meetings held in February, May, September and October 2025

The Aboriginal Stakeholder Consultative Forum (ASFC) meetings were the principal forum for communicating exploration activities on CL368 during the reporting period to the Registered Aboriginal Parties, with a meeting held in March 2025.

No issues have been raised with Boggabri Coal Mine (BCM) in relation to CL368 exploration during the reporting period.

BCM received no complaints in relation to CL368 exploration during the reporting period.

## 2. Consultation completed in reporting period

BCM operates a CCC that meets on a quarterly basis. The purpose of this committee is to inform the community, via committee members, of all aspects of BCM's activities, including activities in CL368. Boggabri Coal informs its Registered Aboriginal Parties and other Indigenous stakeholders via the Aboriginal Stakeholder Consultative Forum that meets throughout the year.

The CCC meetings were the principal forum for communicating exploration activities on CL368 during the reporting period with meetings held in February, May, September and October 2025. Exploration was specifically included in these meeting to inform the community of any exploration activity.

### 3. Outcomes of consultation

No issues have been raised with BCM in relation to CL368 exploration during the reporting period.  
BCM received no complaints in relation to CL368 exploration during the reporting period.

## 4. Proposed future consultation

BCM will continue to operate a CCC that meets on a quarterly basis.

BCM will continue to conduct Aboriginal Stakeholder Consultative Forum meetings throughout the coming reporting period.

## 5. Enquiries and complaints received in reporting period

BCM received no complaints in relation to CL368 exploration during the reporting period.
